## **ONLINE SECURITY**

FWD is always concerned about security. It is important that you should be alert to any emails asking for your personal information; here we provide some information to help you to protect yourself:-

"Phishing attack" is an online fraud technique which involves sending official-looking email messages with return addresses, links and branding that all appear to come from legitimate banks, insurance companies, retailers, credit card companies, etc. Such emails typically contain a hyperlink to a spoof website and mislead account holders to enter customer names and security details on the pretence that security details must be updated or changed. Once you give them your information it can be used on legitimate sites to take your personal information.

To protect yourself, you should be aware of the following:

- FWD will not send you emails asking you to update, verify or confirm your personal security details e.g. PIN, bank account number, ID Card number and passport number.
- You should pay close attention to the URL (website address) of the site you are visiting to make sure it is actually the site you believe it to be.

Should you have further enquiries, or you would like to report on suspected phishing cases relating to FWD, please refer to FWD website [www.fwd.com.hk](http://www.fwd.com.hk) or call our Customer Service Hotline at (852) 3123 3123.
