3. 戶口價值指月繳保費的總和，加上利息（如有），減去提款（如有）和所有附約下之保費（如有）。

以下是富衛投資策略及釐定派息率的理念：

(i) 投資策略

富衛的投資組合採用均衡資產分配投資策略，主要包括投資級別固定收益類型證券，以履行保證保單財務責任。為提高長遠投資表現予非保證保單權益，此投資組合亦包括股權類型投資。投資策略為不同產品定制以優化回報：

- 自助息：具良好信用評級的再保險資產（目標之99%）及現金（目標之1%）或固定收益證券（目標之100%）

在投資組合規模容許下，投資將橫跨於不同地區及行業達到分散風險。

富衛會透過直接投資於與保單相同貨幣或與保單貨幣對沖的工具，減低有關保單之貨幣風險。

此外，投資組合是由專業投資人士管理。除定時檢討，富衛亦保留不時更改投資策略權利，並會將重大改變將通知保單權益人。

(ii) 釐定派息率的理念(最新資料請參考富衛網頁

<http://www.fwd.com.hk/tc/resource-center/crediting-interest-rates-philosophy/>)

在符合富衛盈利目標及最低保證派息率(如有)的情況下，保單權益人可透過宣佈派息率分享萬用壽險投資組合的投資表現。宣佈的派息率或會受其他因素影響，包括但不限於市場狀況、投資前景、續保率及索償經驗。存入的保費可能被分配到有不同派息率的不同組別，旨在更準確地反映在保費存入期間投資所得的收益。為減低派息率在保單年內短期性波動及穩定派息率，富衛可能派發部分相關年度收益予保單權益人。

9. 申請一經富衛批核，不得轉換保單權益人。
10. 如您對保單不滿意，則在您未曾在本保單下作出過任何索償的前提下，您有權在「冷靜期」內以書面要求取消保單及取回所有已繳交的保費。您必須確保富衛辦事處在您保單的「冷靜期」（保單交付給您/您的代表或《通知書》（說明已經可領取保單和「冷靜期」的屆滿日）發予您/您的代表後起計的21天內，以較早者為準。）屆滿日或之前直接收到附有您親筆簽署的通知書。富衛辦事處的地址為香港中環德輔道中308號富衛金融中心1樓。
11. 於保單生效期間，您可向富衛作出書面申請退回保單。

8. Please refer to FWD's website (<http://www.fwd.com.hk/en/resource-center/historical-crediting-interest-rates/>) for crediting interest rate history. The investment strategy and crediting interest rate philosophy of FWD are shown below:

(i) Investment Strategy

FWD's asset portfolio employs a balanced asset allocation investment strategy, which consists primarily of investment graded fixed income type securities to meet the guaranteed financial obligation. Equity-type investments are also utilized to enhance the investment performance in the long run for non-guaranteed benefits. The investment strategies are customized for different products to optimize the return:

•Savie: Reinsurance asset with good credit rating (Target 99%) and Cash (Target 1%) or Fixed income type securities (Target 100%)

The asset portfolio also targets to provide diversification across different geographic regions and industries to the extent the size of portfolio can support.

Currency exposure of the underlying policies is mitigated by closely matching either through direct investments in the same currency denomination or the use of currency hedging instruments.

Furthermore, the asset portfolio is actively managed by investment professionals to closely monitor the investment performance. In addition to conducting regular review, FWD also reserves the right to change the investment strategy and shall notify policy owners of any material changes.

(ii) Crediting interest rate philosophy (Please refer to FWD's website for latest information:

<http://www.fwd.com.hk/en/resource-center/crediting-interest-rates-philosophy/>)

Through the crediting interest rate declaration, the policy owners participate in the investment performance of the asset portfolio supporting Universal Life, after allowing for the profit target of FWD and minimum guaranteed crediting interest rate guarantees, if any. The declared crediting interest rate may be affected by other factors, including but not limited to, market conditions, investment outlook, persistency and claims experience. The premiums deposited may be separated into different buckets with different crediting interest rates, with an aim to more closely reflect the yields attained during the period of premiums deposited. To stabilize the crediting interest rate, FWD may distribute a proportion of the investment income in a particular year attributable to the policy owner, with an aim to smooth out the short-term volatility of crediting interest rate over the course of the policy term.

9. The policy owner cannot be changed once the application has been approved by FWD.
10. If you are not satisfied with the policy, you have the right to cancel it within the Cooling-off Period and obtain a refund of any premium paid provided that you have not made any claims under the policy. A written notice signed by you should be received by the office of FWD at 1/F., FWD Financial Centre, 308 Des Voeux Road Central, Hong Kong within the Cooling-Off Period (that is, 21 days after either the delivery of the policy or the issue of a Notice informing you or your representative that the policy is available for collection and Expiry Date of the Cooling-off Period, whichever is earlier).
11. While this policy is in force, you may surrender this policy by sending a written surrender request to FWD.

What are the key product risks?

Credit Risk

This product is an insurance policy issued by FWD. The application of this insurance product and all benefits payable under your policy are subject to the credit risk of FWD. You will bear the default risk in the event that FWD is unable to satisfy its financial obligations under this insurance contract.

Liquidity Risk

This Product is a long term insurance policy. This policy of long term insurance will be made for certain determined term of years starting from the Commencement Date to the Expiry Date. The policy contains value and, if you surrender your policy in the early policy years or before the end of the policy term, you may suffer a significant loss. Application of the Product may

constitute the liquidity risk to your financial condition. You need to bear the liquidity risk associated with the Product.

Exchange Rate and Currency Risk

The application of this insurance product with the policy currency denominated in a foreign currency is subject to that foreign currency's exchange rate and currency risk. The foreign currency may be subject to the relevant regulatory bodies' control (for example, exchange restrictions). If your home currency is different from the policy currency, please note that any exchange rate fluctuation between your home currency and the policy currency of this insurance product will have a direct impact on the amount of premium required and the value of the benefit(s) to be received. For instance, if the policy currency of the insurance product depreciates substantially against your home currency, the potential loss arising from such exchange rate movement may have a negative impact on your benefits to be received from the product and your burden of the premium payment.

Inflation Risk

The cost of living in the future may be higher than now due to the effects of inflation. Therefore, the benefits under this policy may not be sufficient for the increasing protection needs in the future even if FWD fulfils all of the contractual obligations.

Early Surrender Risk

If you surrender your policy in the early policy years or before the end of the policy term, or withdraw the premiums you contributed in the early policy years, you may suffer a significant loss.

While the policy is on Premium Holiday, FWD will use the Account Value to pay the Basic Premium due under this Policy and the premiums of riders (if any) attached to the Policy. All relevant charges will continue to be deducted from the Account Value. When the Account Value is either insufficient to meet the Basic Premium, the premium of riders (if any) attached to the Policy and relevant charges or is less than Minimum Account Balance, this Policy shall automatically be terminated.
