Remarks

1. Starting from Policy Year 4, crediting rate is not guaranteed and is determined by FWD Life Insurance Company (Bermuda) Limited ("FWD") at its absolute discretion based on a series of factors including but not limited to market conditions, investment outlook, Policy persistency, claims experience, expenses and FWD's investment return from time to time. The crediting rates are subject to change during the term of the Policy and may be zero in the most adverse situation. The current interest rate declared by the Company or crediting rate history shall in no way be interpreted as a projection or estimation of future return. Please refer to FWD's website (fwd.com.hk) for the latest promotional Guaranteed Crediting Rates and relevant crediting rate history (if applicable). For all Savie Insurance Plans Policies, FWD invests through reinsurance arrangement. Starting from Policy Year 4, in case favourable reinsurance terms are not available, FWD will invest entirely in investment-grade corporate bonds, which is HKD denominated and USD denominated with currency hedging against HKD. It is targeted to invest across different geographic regions and industries to the extent the size of portfolio can support. FWD adopts an approach to determine the crediting rates that are financially supportable in terms of the security of the guaranteed benefits and sustainable non-guaranteed benefits in long run. FWD will take an active approach in managing and monitoring the factors above and has the right to adjust non-guaranteed crediting rate at any time if necessary. In practice FWD will aim to smooth out the volatilities over an appropriate horizon to avoid frequent adjustment of the non-guaranteed crediting rate.
2. Withdrawal is subject to FWD's rule on the number of withdrawals, maximum amount of Partial Withdrawal, minimum amount of Partial Withdrawal and minimum account balance.
3. Account Value is the accumulation of premiums paid with interest added (if any) less Partial Withdrawal(s) (if any), and premiums for rider benefit(s) (if any).
